As we are sure you have all noticed, there is some building activity occurring at the edge of town and many rumors have been going around as to what will be located there, so here is some help letting everyone know. Prairie Coop is building a brand-new gas/convenience/hardware/AG site on that location. The dirt work has begun and the building contractors are expected to start the buildings on site

this spring. The gas bar, fertilizer and chemical will be moved over so everything will be located on one site instead of operating out of two or three locations. With everything located under one roof or on one site the customers/owners will have an easier time getting what they need. We are very excited to see this project move forward and anticipate its completion as it is such an asset for our Town!

Fun St. Patrick's Day Facts!!!

1. St. Patrick was not Irish. He was from Wales.
2. The humble shamrock was originally a teaching tool. St. Patrick is said to have used the three-leaved plant to explain the Holy Trinity (Father, Son, and Holy Spirit) to the pagan Irish.
3. The St. Patrick's Day parade in Montreal has been held every year since 1824. However, the first recorded celebration of St Patrick's Day was in 1759.
4. St Patrick's Day is an official holiday in the province of Newfoundland and Labrador.
5. For many years, blue was the color most often associated with St. Patrick. Green was considered unlucky. St. Patrick's blue was considered symbolic of Ireland for many centuries and the Irish Presidential Standard is still blue.
6. In Chicago, every year, the Plumbers Local 110 union dyes the river "Kelly" green. The dye lasts for about five hours.
7. Traditionally, every year, the Irish leader hands a crystal bowl full of shamrock to the US President. The shamrock, grown in Kerry, is immediately destroyed by the Secret Service after the exchange.
