- Relaxation & reduced stress
- Improved quality of life
- Live independently longer
- Reduce Health care costs
- Improved cognitive ability

A part of the Regina Qu'Appelle Health Region and the Saskatchewan Parks and Recreation Association.

## Cupar Public Library

We are planning a busy year ahead with programs for all ages and interests! First, on **Saturday, October 17**, we will welcome **Master Gardener Sue Boxall of Fort Qu'Appelle** to do a presentation from 2-3 on Fall Gardening and then she will respond to your questions and concerns on gardening issues. All are welcome to attend. Free admission but there will be a silver collection for the coffee hour afterwards.

**CINDERELLA  
IS PROOF  
THAT A NEW  
PAIR OF  
SHOES CAN  
CHANGE  
YOUR LIFE.**

We are purchasing a **new stove and fridge** for the Legion Hall. Once they are installed, then the **children's baking and chocolate-making evenings** will be planned. If your child is interested, then pre-registration would be encouraged. Dates and times to be announced.

Thank you for your patience as the provincial library system installed a **new software program**. We hope to be trained and have all the bugs out of it soon.

More author visits are being looked into. If you have a contact, please let us know and we could sponsor the visit.

Babies! Come in with your mom or dad if they have a library card and you can receive a free book from us!

We welcome the monthly Playschool visits. Stories and a game take place.

Our Open Hours are **Wednesdays and Fridays from 10:30-5**. Contact us by phone (306-723-4749) or by email [cupar@parkland.lib.sk.ca](mailto:cupar@parkland.lib.sk.ca) and we are located at the Legion Hall on the main street.

## Primary Health Meeting

**The Primary Health Committee will be meeting on  
Tuesday October 13<sup>th</sup> at the Legion Hall**

**1:00 pm.**

**"If you fall, I will be  
there."**

**Sincerely,**

**The Floor**

## Leaves/Grass Clippings

Fall is here and with it comes a TON of leaves.

If you are cleaning up your yard and have tons of leaves bagged and ready to go, please leave them on the boulevard at the front of your property so our

maintenance team can pick them up with ease.

OR if you wish to remove them yourself, they can be taken to the transfer site/dump on Saturday's from 10-2 for FREE!

**Keep in mind in the Spring of 2016 recyclable bags will be the only bags we will pick up.**

## St. Paul Lutheran Church

Our programs are gearing up for another inspirational year. The Lutheran Women's Missionary League-Canada (LWMLC) started their monthly meetings, opening with a mini Bible study. The next meeting will be Mon. Oct 19 at 7:30 pm. They will celebrate their auxiliary on Sun., Oct 4 by assisting in the Service and holding a coffee hour afterwards. On Sat., Oct 17, our group is invited to hear the Edmonton Seminary President James Gimbel at Mount Olive Lutheran Church, starting at 10:30 am.

**Cupar Community Playschool** continues on Wednesdays in our church basement.

**Worship Services** are at 9 am on the first, third and fifth Sunday of the month. They are held at 11 am on the second and fourth Sunday of the month with Holy Communion celebrated then starting in November. Inquiries can be made to the church office at 306-723-4899.

Fall "Soup & sandwich/Bake sale"  
November 7 from 11 – 1 pm  
Cost - \$6/person

Our Fall "**Soup, Sandwich and a Bake Sale**" will take place on **Sat., Nov. 7 from 11 am – 1 pm**. Take-out/delivery is available. **Cost is \$6**. Proceeds go to various mission/ministries locally and internationally. This is sponsored by the LWMLC and the FaithLife chapter.

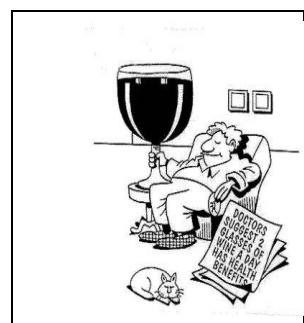

## Loraas Disposal

On September 30<sup>th</sup> the Loraas truck was completing their pickup of the grey bins on the East side of town. One or more of the bins contained aerosol cans while the other contained hot ashes of some sort. Well this combination started the truck on fire that our maintenance team assisted in putting it out.

PLEASE do not dispose of aerosol cans in the garbage - They are to be taken to Sarcan and/or disposed of properly. As for the ashes, please ensure all your ashes are completely cooled before throwing them away.

This could have been far worse if the can was to explode or if the driver did not notice. No one was hurt but we can all do our part to ensure everyone can be safe by disposing of their items correctly.

Thank you for your understanding and cooperation.

**Doctors suggest 2 glasses of wine a day has health benefits!**

"My therapist told me the way to achieve true inner peace is to finish what I start. So far I've finished two bags of M&Ms and a chocolate cake. I feel better already.

# HALLOWEEN Safety Tips

- TOP FIVE HALLOWEEN SAFETY TIPS**
- 1) ONLY TRICK-OR-TREAT AT WELL LIT HOUSES.
  - 2) STAY VISIBLE BY USING A GLOW-IN-THE-DARK RAYOVAC FLASHLIGHT
  - 3) ADD REFLECTIVE STRIPS TO YOUR KIDS' COSTUMES IF THEY ARE NOT ALREADY THERE
  - 4) NEVER ALLOW KIDS TO EAT ANY TREATS UNTIL YOU HAVE CHECKED THEM
  - 5) MAKE SURE YOUR CHILDS' COSTUME FITS PROPERLY

## Sewer Trouble

If you have problems with your sewer with tree roots, etc, please contact Jason's Sewer.

**Jason @ 306-726-7749**

**Or**

**Peter @ 306-529-8676 or 306-939-2230**

My grandfather invented Cliff's Notes. It all started back in 1912... Well, to make a long story short

## Walking at Night

The days are getting shorter and it is getting dark much earlier. People are still getting out trying to enjoy the last few days of nice weather when we get it by going for walks. We are asking the public to think of safety while doing so. When you wear dark clothes while walking in the evening/morning light or

darkness you are very hard to see. Please ensure you wear some sort of reflective clothing so vehicles can see you in the duller evening light or rainy/overcast days.

Drivers may not see you and we do not want an accident to happen.

## Cupar transfer site

The Cupar Transfer site is open

**Saturdays**

**10-2 pm.**

Cash is required for hauling on site and prior to dumping material. Leaves/grass clippings and trees are free.

**Transfer site will be closed for the year on October 31<sup>st</sup>.**

## Cupar Pool “Brick” Fundraiser

The Cupar Pool is about to get a major renovation as it is well over due. With the matching grant we received, we will be replacing the boiler, the heater, new water lines, new liner in the pool (as we are losing about 5000 gallons of water every week due to cracking), cleaning equipment, pool covers and whatever else we can get done to ensure the pool does not decay to the point of no return.

As this is quite an expensive venture, and the grant does not cover all the Reno's that need to be done, we are reaching out to the community to help out by raising enough money to replace the patio stones around the pool on the deck. We are selling 'Bricks' at a cost of \$100/brick and everyone who buys one will have their name on a plaque displayed at the pool proudly showing their support. We have a good amount available but we are sure they will sell fast! Come on out and donate to the upgrade of the pool so our generation and the next generations can enjoy the only pool on Highway 22.

**Receipt available at the Town Office and your name will be displayed on the wall at the pool recognizing your generosity!**

*Swimming teaches*

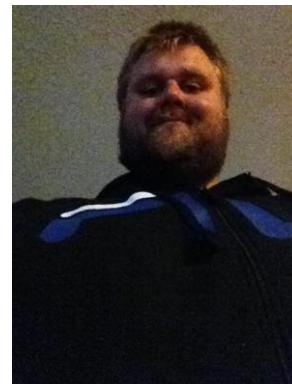

*lifesaving skills and boosts  
confidence. We need to  
ensure this is here for our  
kids, grandkids, great great  
grandkids, and so on...*

## WELCOME!!!!

We would like to welcome Mike Pearce to our Town of Cupar maintenance team. He brings with him knowledge so diverse as well as brawn for all the tough jobs. Welcome to our team Mike and we can't wait to get rolling to get things done.

If you happen to see him on the street you may not recognize him so I am using a picture or how we all see him – looking up.

**WELCOME MIKE!!!!!!**

**What did the  
Pirate say on  
his 80<sup>th</sup>  
Birthday?**

**Aye Matey**

## Branches

**Branch pick up  
will be October  
15<sup>th</sup>!**

This will be the last time we will pick up branches and haul them away so....

Please have your branches somewhere our equipment can pick them up with ease.

Make sure they are bundled or laying together so they

can be picked up with the forks of the tractor.

Make sure they are all there as there will not be another tree/branch pick up this year. All others will have to be hauled away at the expense of the homeowner, by the homeowner or have to wait until spring.

The transfer site will be closed for the season on October 31<sup>st</sup> so plan accordingly.

Town of Cupar

**Fax**  
(306)723.4644

**E-mail**  
townofcupar1@sasktel.net

## Street Sweeper

Leaves are falling, blowing and piling up all over. We will be starting to sweep the streets to keep the gutters clear for water flow and to just tidy up the town.

To make this easier we ask that you please park in your driveway or off the street so

we can get to all the corners and edges.

If you see the sweeper heading your way moving your vehicle temporarily will help out as well.

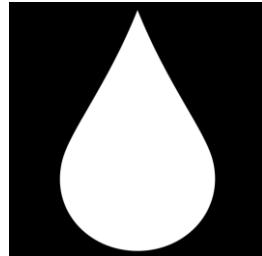

Thank you for your assistance!

## Utility bills

Just a reminder, all utility bills are due at the end of each billing month to avoid any interest charges.

Water meter reads need to be in the Town Office no

Later than the 25th of that month to ensure they can be entered into that billing.

Late water meter reads will not be used.

### Historical Fun Facts that you may not know!!

1. Officially, the longest war in history was between the Netherlands and the Isles of Scilly, which lasted from 1651 to 1986. There were no casualties.
2. The Anglo-Zanzibar war of 1896 is the shortest war on record lasting an exhausting 38 minutes.
3. Albert Einstein was offered the role of Israel's second President in 1952, but declined.
4. Napoleon was once attacked by rabbits.
5. Ronald Reagan was a lifeguard during high school and saved 77 people's lives.
6. In 1912, a Paris orphanage held a raffle to raise money—the prizes were live babies.
7. A New Orleans man hired a pirate to rescue Napoleon from his prison on St. Helena.
8. The "D" in D-Day stands for "Day", in other words, "Day-Day".
9. England's King George I was actually German.
10. Soon after building started in 1173, the foundation of the Pisa tower settled unevenly. Construction was stopped, and was continued only a 100 years later. Therefore, the leaning tower was never straight.
