The Town of Cupar is trying to ensure all safety measures are met when our residents may be in need of medical assistance or emergency services. Part of the requirements was creating Bylaw 15-2010 the Civic Addressing Bylaw. We have noticed that some residences do not have the house number displayed making it difficult for emergency services to locate you in emergency situations so, we are asking that everyone check their homes and ensure addresses are posted.

## FUN FACTS!!!

1. April is named for Aphrodite – the Goddess of Love.
2. Ostriches are often not taken seriously. They can run faster than horses, and the males can roar like lions.
3. Guinea pigs and rabbits can't sweat.
4. Ketchup was sold in the 1830's as medicine.
5. Upper and lower case letters are named 'upper' and 'lower' because in the time when all original print had to be set in individual letters, the 'upper case' letters were stored in the case on top of the case that stored the smaller, 'lower case' letters.
6. Leonardo da Vinci could write with one hand and draw with the other hand at the same time.
7. A tiny amount of liquor on a scorpion will make it instantly go mad and sting itself to death.
8. If you have three quarters, four dimes and four pennies, you have \$1.19. You also have the largest amount of coins without being able to make change for a dollar.
9. Honey is the only food that does not spoil. Honey found in the tombs of Egyptian pharaohs has been tasted by archaeologists and found edible.
10. Queen Elizabeth I regarded herself as the paragon of cleanliness. She declared that she bathed once every three months, whether she needed it or not.
