**WE'RE  
HIRING!****SUMMER  
MAINTENANCE  
STUDENTS (X2)  
AND POOL STAFF!!****SUMMER IS COMING AND WE ARE HIRING!!!!!!**

The Town of Cupar is actively looking for motivated students to join our team over the 2020 summer months. We are looking for 2 summer maintenance positions, Cashier, Senior Life Guards, Junior Life Guards and Instructors for our pool season. If you are interested in these positions please bring your resume and copies of all pertinent certificates.

This is an opportunity to work in your own town, earn some spending cash and gain some experience in the work force that is so valuable.

Resumes can be dropped off at the office, emailed to [townofcupar1@sasktel.net](mailto:townofcupar1@sasktel.net) or faxed to 306-723-4644.

**CUPAR FIRE DEPARTMENT**

With Spring approaching we need to prepare for the season. Field work will be starting and with that burning will be occurring for residue management. We ask that you please call the Control Burn Line at 1-866-404-4911 and advise them what you will be doing and when. This will aid in reducing a fire call to your controlled burn and an invoice. Most people in the area understand but the people travelling past may not know. I can state in the three years I have been Fire Chief 90% of field burn calls come from an out of area phone prefix.

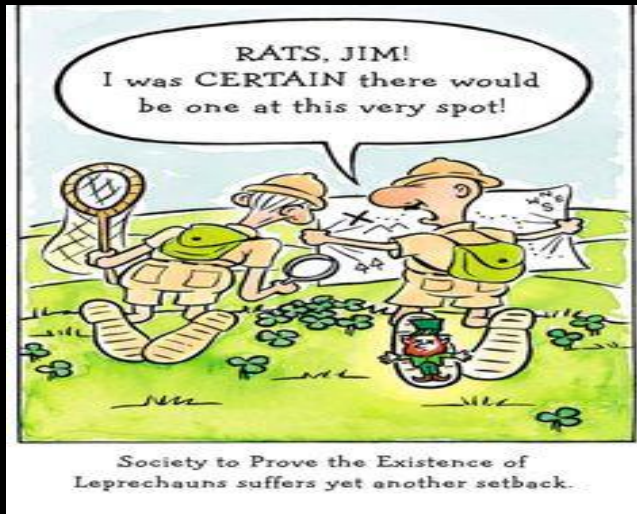

I also want to take this opportunity to thank the community for all their support. The cash calendars and Ladies Diamond Night are our major source of income and time.

All Corporate donations are welcomed as well and we would like to announce the Conexus Credit Union gave a large donation of \$5,000.00. This donation from the Conexus allowed us to purchase new forceable entry tools, a ventilation fan and provided training opportunities for ourselves and other departments in the area. The training event will happen the weekend of March 27-29 in Cupar. Thank you again Conexus Credit Union for your generous donation.

Regard,

Fire Chief Chris McLeod

What's Irish and stays out all night?

## RCMP INFO

The RCMP are asking for the public's help in fighting crime. If you see something that is not supposed to be there, someone suspicious acting in a suspicious behavior, call it into the Southey RCMP detachment. While 911 is for emergencies residents can call **310-RCMP (7267)** and that will take you directly to dispatching. This will eliminate the risk of calling Southey and no one there to answer your call.

Further, door bell cameras are a huge help to the RCMP. They take clear pictures and can be used to gather evidence to catch the criminals. They are a benefit to you and the RCMP when trying to determine what happened and who was around in the event of a crime. They are reasonably priced and available at a variety of locations. **IF YOU SEE SOMETHING REPORT IT!**

## The Cupar Lion's Club

Each year we have sponsors and customers attend this evening event. This year's event consists of supper, entertainment by musician **Justin Labrash**, silent and live auctions.

### SNOW/WATER/SLIPPING?!?!

Spring is almost around the corner! Snow still coming, warm weather causing water build up and then freezing making it a skating rink nightmare. We are doing all we can to ensure the water runs proper, that the snow get removed and to sand to make sure it is safe for everyone to get around. BUT when we are working, we ask that everyone give us space to do so. The equipment can be dangerous and we do not always see all the way around. If you see us out there with our lights flashing or working at a corner you hoped to take maybe think about an alternate route for that one moment. We try not to be long and out of everyone's way but that is not always the case.

To make sure the water flows away freely please try to park in your driveways or yards. Vehicles parked in the runways are surrounded by water and when it freezes, are really hard to get out. The vehicles slow up the drainage and cause water to back up and really cause issues when it freezes again.

DO NOT put snow from your driveway or sidewalks onto the streets.

We thank each and everyone of you who goes out of their way to help ensure the season causes the least amount of annoyance. It is almost over! We have just about made it through another prairie winter!
