## WHAT'S NEW IN CUPAR Water Meter Upgrade

The Town of Cupar has been fortunate to receive a grant for the upgrade of our water meters in the amount of \$100,000.00. This grant will allow the water to be metered properly and provide a more accurate reading to better serve our residents. Water is an important and a required part of living so we understand how the cost

of it can be daunting. This upgrade will help you better understand where and when you are using water. More information will be provided when we are up and running but right at the moment we are in the installation stage. In the mail, you should have received a letter from Corix, the company we purchased the meters from, and the same company that is completing the installation. On that letter is a contact number you

will call to arrange an appointment for the Corix rep to come and install the new meter. We know people are busy and work away from home so they are accommodating this with evening and weekend appointments - but cannot do so without you calling in to make an appointment. They will be door knocking as well however it is easier and smoother to arrange a convenient time if the homeowner calls in. In the event you have not received the letter some will be available at the Town Office or we will have the numbers for you to call to schedule that appointment. PLEASE KEEP IN MIND this meter change is REQUIRED so please call in and get this completed. If a new meter is refused, you run this risk of the water being shut off until the exchange occurs as it is required by our Bylaw to have a meter to have access to town water. Thank you for understanding and ensuring the Corix representative is allowed to complete his work in a timely fashion.

## CUPAR BALL DIAMOND

A Cupar Ball Diamond Project Committee was organized to work with the Town of Cupar, current ball teams and members of past teams with a mandate to raise funds to erect new galvanized fencing and install red shale infields. Due to the age of the wood fencing around the diamonds, they have become a safety issue and need to be replaced.

Thus far, the committee has raised enough funds to start erecting new fencing/mesh and new dugouts on the south diamond.

As a way to raise funds, the committee is reaching out to everyone that played ball or is playing ball on the diamonds and community at large to consider donating \$50 towards purchasing 8'6" line/terminal fence posts. A tax receipt will be available and your name will be placed on a signboard that will be located at Shore Park.

Also available are the following levels of sponsorship as another way to make a donation.

**Bronze \$50-\$100**

**Silver \$150-450**

**Gold \$500-\$1000**

**Platinum \$1050 and over**

If you would like to make a donation, please make payment out to and send to:

**Cupar Minor Ball**

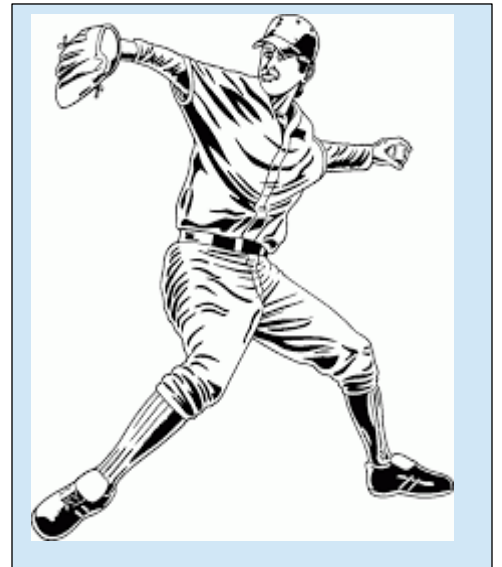

**Box 536**

**Cupar, Saskatchewan**

**S0G 0Y0**

etransfer: [cuparminorball@hotmail.com](mailto:cuparminorball@hotmail.com)

or drop off at: Cupar Agencies

Together, we can help revive the diamonds to continue creating many more memorable moments that we all share.

If you have any questions regarding the project, please do not hesitate contact us.

## CUPAR LIBRARY

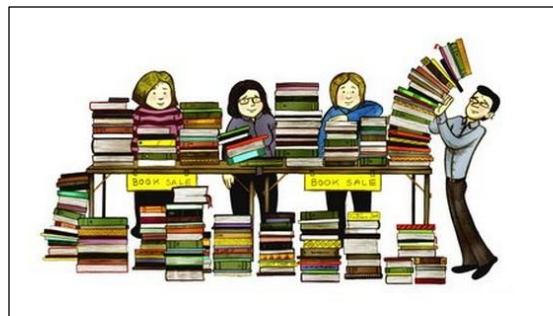

Many thanks to all those who donated and participated in any way to our Tea and Bake Sale. The monies raised go towards our \$400 computer bill in order to be an automated library. We also thank those who donate books, magazines, and newspapers to our library!

We will be inviting Cupar Playschool again to our Easter Egg Scavenger Hunt on Wed March 28. A story and a treat will be offered!

We are planning our 50th Anniversary as a permanent library to this town on Friday April 20, in the afternoon. There will be an open house, goodies and a time for speeches. More news to follow next month!

New members and ideas are always welcome! Just a reminder that if you over 5 years of age, you can apply for a free library card which gets you resources delivered free to this location! Also, there is a computer that can be used for free and is available to the public.

Our next meeting is Thurs March 1 @ 6:30 pm.

## ST. PAUL LUTHERAN CHURCH

Our church building and its volunteers are busy this month with many activities planned and leading up to one of our important celebrations!

Our Sewing Circle meets every Monday from 7-9 pm this month, except March 12, to make blankets for Regina's needy citizens. Thanks to our volunteers and to those who donate material for this activity. We will be winding up at the end of the month until next winter! We would love to have you come sort material, cut patches, iron seams, sew and tie. Come even for a visit! The ladies of the LWMLC will meet Monday March 12 @ 7:30 pm for Bible study and a business meeting. Our ladies (and men) also volunteer for our monthly Shalom service and bingos.

Our FaithLife chapter will organize another Brunch following the worship service at 11 am on Sun March 11. A free will offering is collected and will go towards maintenance and outreach projects. Our Annual Voters' Meeting will be taking place after the brunch.

Confirmation classes continue on Wednesdays from 4-5 for our teens interested in learning more about their faith.

Lent services continue with Emmanuel, Southey hosting on Wed March 7 & 21 @ 7 pm with coffee to follow. St. Paul, Cupar hosts on March 14 with Soup + Sandwich Supper @ 6 pm, followed by Service @ 7 pm. Maundy Thursday service is at Cupar on March 29 @ 7 pm with Holy Communion. Good Friday service (Mar 30) is at Cupar @ 9 am; Emmanuel, Southey @ 11 am. Easter Sunday (April 1 – and this is no joke!) is at Cupar @ 9 am with Holy Communion and a potluck brunch to follow; and at Emmanuel, Southey @ 11 am with Holy Communion.

Our regular Worship Service schedule is at 9 am for the 1st, 3rd, 5th Sundays; 11 am with Holy Communion on the 2nd and 4th Sundays.

YOU ARE WELCOME to attend any of our activities and events.

For any office inquiries, please call 306-723-4899.

## It's March—Happy New Year, ancient Romans!

Welcome to the third month of the year—or, if you were born before 150 B.C., the first! According to the oldest Roman calendars, one year was ten months long, beginning in March and ending in December. It may sound crazy, but you can still see traces of this old system in our modern calendar: because December was the tenth month, it was named for the number ten in Latin (decem), just like September was named for seven (septem). So, what about January and February? They were just two nameless months called “winter,” proving that winter is literally so awful it doesn’t even deserve a spot on the calendar.

**Administrative Assistant  
Town of Cupar**

The Town of Cupar is looking for a self-motivated and innovative professional to join their team. Under the authority and directions of the council and Administrator, the Assistant will carry out all duties following municipal law. These duties include but are not limited to receipting, dealing with customers, handling money, bank deposits, utility billing, and any other duties as set out in *The Municipalities Act*.

Applicants must have financial and analytical skills, be bondable and the successful candidate must provide a criminal record check. The ideal candidate must have demonstrated skills in written and verbal communications and a willingness to work as a team. Experience in Municipal Government procedures, knowledge of the Munisoft computer software program and working with the public is a definite asset but not a requirement as training will be provided. The applicant should have a minimum grade 12 certificate.

The office hours are Monday to Friday from 8:30 am to 12:00 pm and 1:00 pm to 4:30 pm. Part time position and wages will be discussed.

For further details, please call 1-306-723-4324. If you wish to find out more about Cupar visit the website at [www.townofcupar.com](http://www.townofcupar.com).

## SNOW REMOVAL

We are in the process of preparing for warmer weather and getting ready for water run-off. We are asking all residents to please work with us by moving your vehicles off the street so when we are ready to peel away the snow and ice we can do so without obstructions. We do have a Bylaw that does not allow street parking for longer than 24 hours and, if we are forced to, will implement this Bylaw by towing vehicles. We will attempt to reach the owner first however, please be advised that we have been given no choice but to enforce this when we are called.

Further, we have noticed an increase of residents trying to go around the town equipment when they are in the process of removing snow and/or grading OR boxing our equipment in whiles they are trying to move! This is very dangerous as the equipment only allows for minimal visual radiuses and when the vehicles come up to it or around it, they cannot see you. This runs a MAJOR risk to the resident and anyone who is around as the operator cannot see you or react quickly enough to avoid contact. PLEASE PLEASE stay a reasonable distance away from our equipment, use a different road when you are able or allow them the right of way to avoid any completely avoidable accidents. This can be prevented as long as the residents use proper discretion and stay away from the working equipment.

## TREE TRIMMING

Our Maintenance Team will be beginning to trim trees that have to be done before April 1<sup>st</sup>. Please watch for them and stay out of their way as falling branches are always a possibility. Better to be safe than sorry.
