## What is happening in Cupar.....

- Grey and blue bins have been left out on the roadways. Please make sure they are returned to your property to prevent damage and blowing around. Set them out the night before to ensure pick up is completed as Loraas can show up very early.
- Parking on the street for longer than a 24-hour period is not permitted. Any vehicles that are parked longer run the risk of being towed at the owner's expense.
- Biodegradable bags will no longer be available at the Town Office once the stock runs out.
- The transfer site is still open on Saturdays from 10-2 weather permitting but we are nearing the end of this season. If you plan to take anything out make sure it is done asap as our closing will come fast.
- We will be sweeping the streets as the leaves fall. Please make sure your vehicles are out of the way and DO NOT blow your leaves to the road. This plugs up our drainage system.
- MARK YOUR CALENDARS – The Flu shot will be available at the Town Hall on November 15 from 10-1.
- The Museum will be hosting their Harvest Lunch on Oct 19.
- Dogs and Cats – need to be kept on a leash or in your own yard. All droppings are to be picked up and disposed of properly. Our pets can be a joy for everyone if we all do our part.
- The Cupar Rink is currently looking for a part time cleaner/minor maintenance person. If you are interested please provide your resume to the Town Office no later than October 11 at noon. Posters are up around town as well as announced on our Facebook page.
- The Cupar Rink will soon be open! We are pleased to announce the Town of Cupar will once again sponsor free public skate so please watch for more info along with dates.
- The Cupar Fire Department will be hosting this year's Diamond Night. Tickets are on sale for \$50 each. Come out for a night of fun and prizes while supporting your local Fire Dept.

# Halloween Safety

Halloween is coming and there is no better time to prepare for a safe night.

Homeowners, it is always in the best interest of the trick or treaters if you leave your outside lights on. This will ensure they can see where they are walking to alleviate tripping hazards. Also, make sure your pets are under control as the doorbell and knocks can stress them which can scare the little trick or treaters.

- Do not use masks. They are hard to navigate in.
- Dress for the weather by layering.
- Carry flashlights and have something reflective on so you can be seen.
- A pillow case with reflective tape is a bonus for being seen in the dark.
- Bring a cell phone for emergencies.
- Tell someone about your allergies.

School is back in session and the kids are out before school, during school and returning home after school. During this time, they are not always aware of their surroundings so it is up to us to be on the lookout for them. They run and play without taking account of traffic so PLEASE make sure you are travelling slow enough that you can respond to children darting out from between parked cars or crossing the street without paying attention.

Kids are our future so let's do our best to make sure they make it to and from school safely.

Tuesdays: 7:30 – 9:00 PM starting Oct 1/2019
