Snow and Ice = Slippery

Winter can bring snow and ice. Sidewalks and parking lots can be quite dangerous. No matter how well the snow and ice **is** removed from parking lots or sidewalks, you will encounter some slippery surfaces when walking outdoors in the winter. It is important for everyone to be aware of these dangers and to learn to walk safely on ice and slippery surfaces.

WALK SMART by learning and implementing these suggestions:

Walk at a slower pace.

Always stay on designated walkways.

Look for, and avoid, slippery surfaces - assume that all wet, dark areas on pavements are slippery and icy and approach with caution.

Know your limitations – carrying large packages or other items that limit vision can lead to slips and trips.

Schedule extra time - pay attention and don't rush. Most accidents occur due to inattention or being in a hurry.

Remove -snow or mud from shoes before entering any building.

Traction-make sure your footwear is appropriate and has good traction. Avoid boots or shoes with smooth soles and heels. Instead, wear shoes or boots that provide traction on snow and ice; boots made of non-slip rubber or neoprene with grooved soles are best.

HAPPY VALENTINE'S DAY!

Canada Day Celebrations

Canada Day is coming up fast so it is time to start to prepare and plan. We are going to have fireworks this year and are wanting to know if any of the local groups are looking for a place to fundraise. We are hoping to have the following:

Parade - Football Game - Show & Shine - Ball Games – BBQ – Museum - Free Swim - Beer Gardens and a Competition for best decorated yard for Canada Day and ending the day with Fireworks.

Please let us know if you are interested in volunteering to arrange some of this or are willing to host one of the events.

The sooner we begin the better the day will be!

Come on down to the Office and let's chat!

Yoga with Monica

Classes are Tuesday Evenings

Attention!

The snow mobile derby will be cancelled for February 2 due to lack of snow and time to prepare. Watch for information on up and coming events!

HAPPY VALENTINE'S DAY!

Birthdays are good for you. Statistics show that people who have the most live the longest.

HOODIE HOO DAY!

In the Northern Hemisphere **Hoodie-Hoo Day** is **always celebrated** on February 20. On this winter **day**, people go out at noon, wave their hands over their heads and chant "**Hoodie-Hoo**". It is a **day** to chase away winter blahs, and bring in spring.

Now you know!!!!

1. Earth has traveled more than 5,000 miles in the past 5 minutes.
2. Al Capone's business card said he was a used furniture dealer.
3. Blueberries will not ripen until they are picked.
4. Prisoners in Canadian war camps during WWII were treated so well, that a lot of them didn't want to leave when the war was over.
5. A man from Britain changed his name to Tim Ppppppppprice to make it harder for telemarketers to pronounce.
6. A ten-gallon hat will only hold $\frac{3}{4}$ of a gallon.
7. Every year more than 2500 left-handed people are killed from using right-handed products.
8. You can't hum while holding your nose closed.
9. ATM's were originally thought to be failures, because the only users were prostitutes and gamblers who didn't want to deal with tellers' face to face.
10. In 2006 someone tried to sell New Zealand on eBay. The price got up to \$3,000 before eBay shut it down.

Groundhog's day – February 2, 2019. Keep your fingers crossed!!!!
